Get to know our association of companies

B.B.W. Group is an association of companies which began with B.B.W. Industrieservice GmbH with the aim of using synergy effects in a meaningful manner to provide its clients an ideal and wide ranging service portfolio. The common denominator and an equally strong foundation of this network is the requirement to offer products and services of the highest level of quality, whilst always being aware that the long-lasting success of the customer is the benchmark to measure its own success.

Fairness & responsibility

Long-term success through professional collaboration – treating our employees and business partners in a fair and responsible manner forms the basis for this objective.

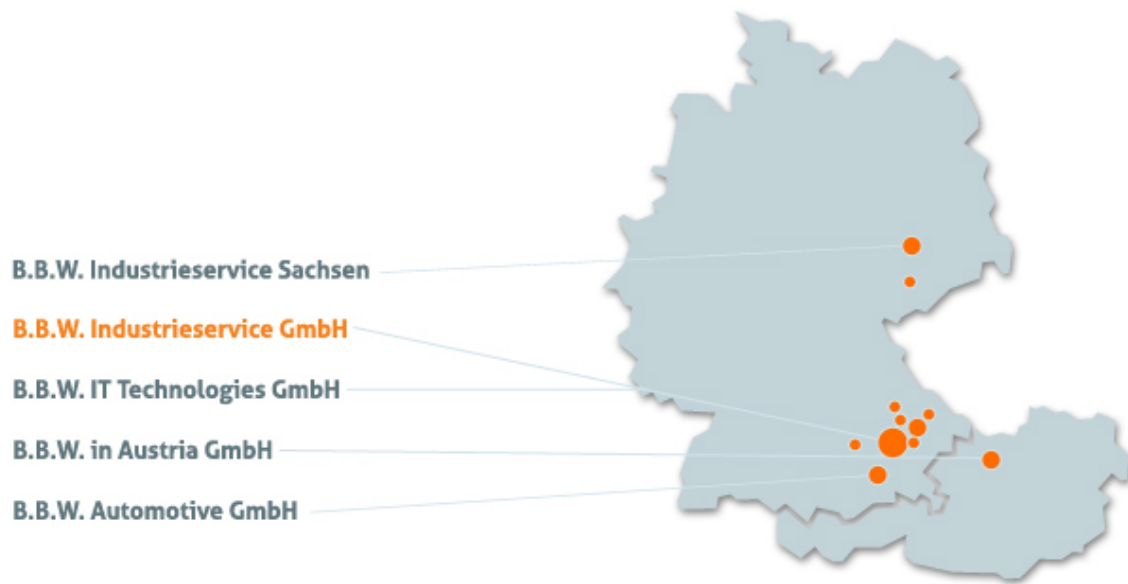

Strong customer orientation

Exceeding the expectations of our customer is our idea of a premium service provider. A requirement we are able to meet thanks to our motivated employees.

Continuous improvement

Our team continuously develops new ideas and thus also innovative solutions which allow us to continue to assist our clients in future as a highly qualified and flexible partner.
