

## **Qualifications and certifications**

Our employees distinguish themselves through their high level of flexibility, mobility as well as self-confident thinking and acting. We ensure that our team is able to meet the continuously increasing requirements and quality standards by providing constant internal and external training.

### **Many years of experience**

New technologies in the field of IT and electronics are implemented by us in a timely manner. The personnel structure of our company makes it possible to ensure that equally qualified employees process the same orders and thus a backup solution is guaranteed. Thanks to our many years of working in various production facilities throughout Europe, we have well-founded experience with current quality systems, supplier evaluations and PPM evaluations. The quality policy of our company is clearly defined and documented in our Quality Management Manual.
